

IN THE CLAIMS:

Kindly amend claims 4, 28 and 29 as follows.

A13
4. (Amended) The storage medium according to claim 1, wherein the complete information data is divided into a plurality of first amount of data, and the incomplete information data is a series of data, each of which is a remainder obtained by subtracting a second amount of data from the first amount of data, with the second amount of data being smaller than the first amount of data.

A14
28. (Amended) The data restoration apparatus according to claim 22 installed in a cellular telephone or a client terminal device.

29. (Amended) The data restoration apparatus according to claim 28, wherein the cellular telephone or client terminal device has replay means for replaying the complete information data.
